FOR IMMEDIATE RELEASE

Transite Tapped by Command Transportation to Provide Transportation Management Solution

Command Transportation is a leading international logistics/brokerage company based in Chicago, IL.

RALEIGH, NC—April 14, 2011— [Transite Technology](#), a leading provider of transportation management software and services, has been chosen by [Command Transportation](#), one of the leading third-party logistics providers in the U.S. Transite will provide Command with premise-installed software which will be the backbone pricing and contract platform for the company.

[Command Transportation](#), founded in 2005, is a non-asset based, international logistics/brokerage company based in Chicago, IL. The company provides logistics solutions and services for loads moving throughout the U.S., Canada and Mexico via full truckload, LTL, and intermodal services. Command has grown to over \$250,000,000 in revenue in the past 5 years.

“Since we started, we’ve made a decision to outsource all our software solutions to the best in breed providers.” said Paul Loeb, founder and CEO of [Command Transportation](#). “We expect Transite to be a strategic partner in our continued success which is based on our ability to offer our customers tremendous capacity, competitive prices and the industry’s best level of service and customer satisfaction.”

[The Transite solution](#) includes the company’s award-winning Jaguar Contract Management platform and Jaguar Transportation Management System. This combination will deliver a blend of strategic data management for pricing and contract administration; combined with efficient, automated functionality to enable the flow of transportation processes throughout the organization.

About Transite

Since 2002, Transite’s solutions, technologies and services have enabled America’s best run 3PLs, brokers, shippers and carriers to streamline processes and increase profits. Transite allows these parties to automate and manage LTL, TL, small package, ocean, and air shipments. The company’s products range from complete solutions to technologies used by other TMS and ERP vendors to provide best-of-breed functionality. Transite’s solutions are hosted or purchased, flexible, quick to implement, and cost-effective. www.transite.com
